

CHESTNUT BEND ARC PRE-APPROVED COLOR PALETTES

Painting your home is a significant decision, as the process is difficult to reverse. The Chestnut Bend ARC wants to ensure exterior painting projects meet the standards and aesthetic goals of the HOA. The following color palates are pre-approved for exterior painting projects. ARC Applications for exterior painting that don't conform to pre-approved colors will be rejected. You may submit new colors for consideration, but that process must take place before you submit an ARC Application and can take sixty (60) days.

Pre-Approved Color Palettes

The Chestnut Bend ARC references Sherwin-Williams colors for accuracy (obtain color swatches for better color representation). You may use products from other companies, but the colors must be a close match. The first listed color for each palette is the primary color. You may swap secondary/accent colors between palettes.

Palette 1 (similar to 110 Farrier Ln.)

Wool Skein SW 6148

Urbane Bronze SW 7048

ARC Applications for Exterior Painting

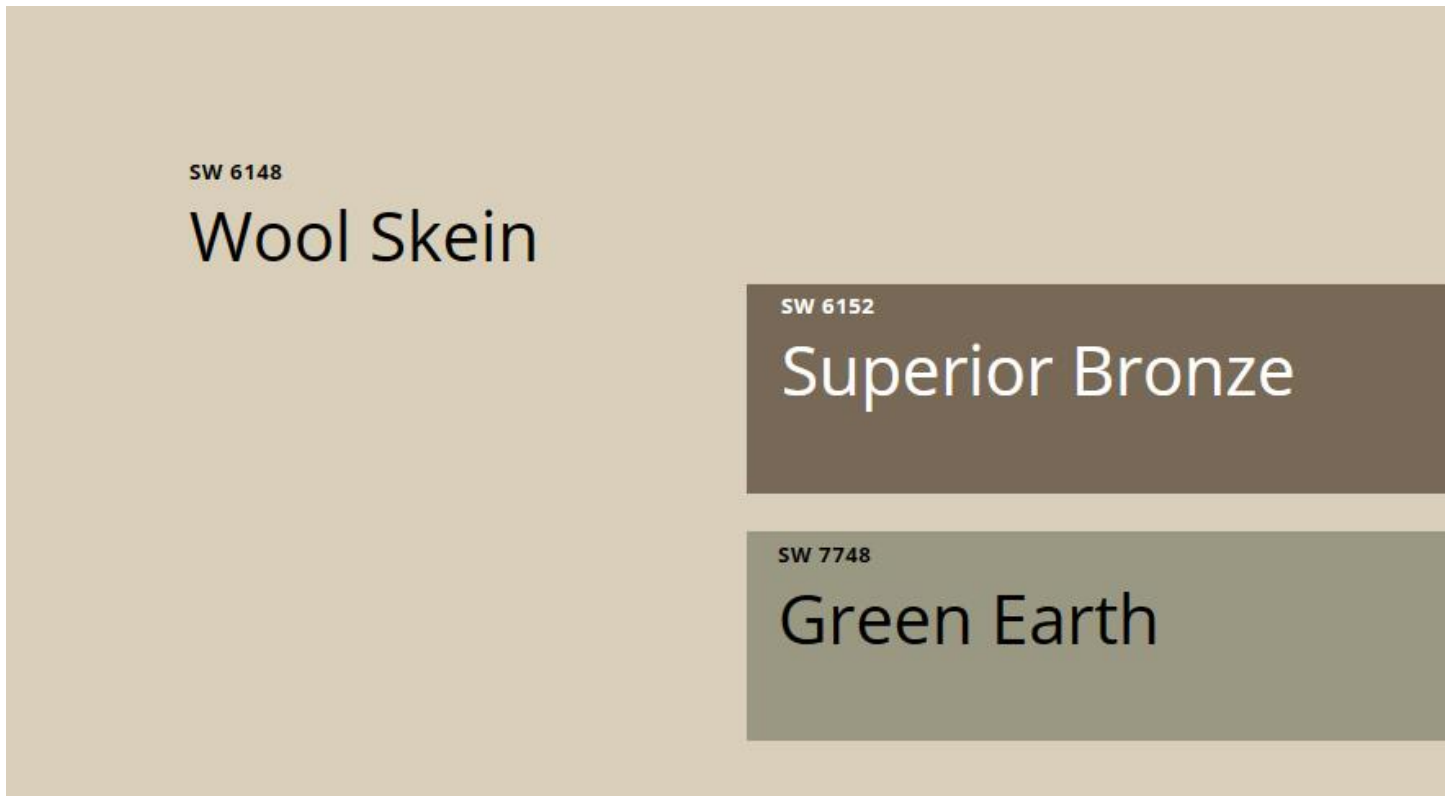

When submitting an exterior painting application, specific color information (ex: Sherwin-Williams, SW 6148 Wool Skein, Satin) must be listed, and photos of the color swatches must be submitted as exhibits, for the following (even if the same, or an existing, color is being used in multiple places):

- * Brick
- * Downspouts/Gutters
- * Front Door
- * Garage Doors
- * Trim
- * Window Trim
- * Soffit
- Other (if being painted with your project)

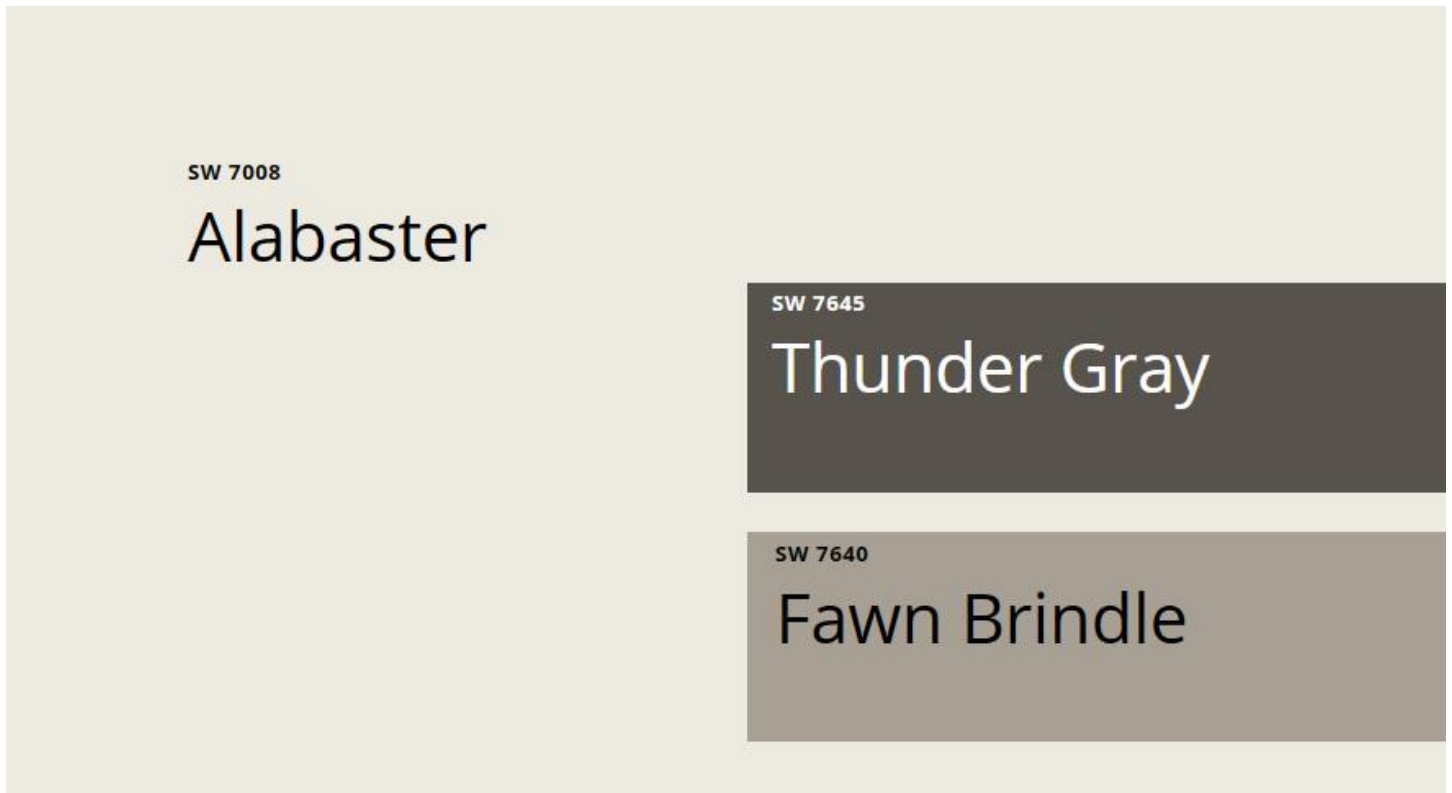

*** REQUIRED INFORMATION**

A big consideration when painting your brick is the amount of maintenance required to keep it looking to the standards of the HOA. Please pay attention to the related maintenance language in the ARC Application.
